

Effective November 5, 2021, the Minister of Health and Seniors Care has authorized the above time-limited tariff to be paid during the COVID-19 pandemic response in Manitoba .

| Tariff | Description | Rate November 5, 2021 |
|--------------|--|--------------------------|
| COVID | | |
| 8292 | Pfizer-BioNTech Pediatric Vaccine - per dose | \$20.00 |

- Notes:
- 1) May be claimed for services provided to patients aged 5-11
 - 2) Claims to be submitted to MHSAL within two (2) business days of service delivery.
 - 3) Physicians must report the eligibility criteria for immunization on the claim in accordance with Public Health guidelines.
 - 4) Physicians must report vaccine inventory to Public Health on a weekly basis and/or as directed by Public Health. The system for inventory reporting will be determined by Public Health and communicated to physicians.
 - 5) Determination of patient eligibility and obtaining patient consent are included within the fee.
 - 6) Physicians are required to schedule a second dose appointment with patients following administration of the first dose. Physicians are required to reasonably follow-up with patients to ensure the second dose is administered within recommended guidelines.
 - 7) Physicians shall provide equitable access for vaccinations for all eligible Manitobans regardless of whether the patient is in the physician's existing panel of patients.
 - 8) Manitoba Health has determined that this service, when provided during an after-hours period, is not urgent or emergent and therefore After Hours Premiums may not be claimed in addition.
 - 9) Physicians must review a patient's electronic COVID-19 immunization history through eChart or PHIMS to review any previous immunization history, interval between doses, if required, and product history to ensure second doses match current provincial recommendations.
 - 10) Physicians must ensure vaccine products are stored and handled as per the product monographs.
