---

## **RESOLUTION:**

### **Mr. WIEBE – Government Action on Parks and Protected Spaces**

**14.** WHEREAS Manitoba is known for its natural diversity, including lakes, rivers, forests, tall grass prairie and more; and

WHEREAS many species and ecosystems within Manitoba are in need of protection to ensure their continued survival; and

WHEREAS the Provincial Government is taking bold, pioneering action to protect precious natural resources and ensure a healthier environment for future generations of Manitobans; and

WHEREAS the Provincial Government has recently announced that it is taking steps to protect five Manitoba animal and plant species as well as two ecosystems, tall grass prairie and alvar; and

WHEREAS protecting entire ecosystems is an approach that is the first of its kind in North America and only the third in the world overall; and

WHEREAS the Provincial Government has taken critical steps in preserving the natural ecosystems, habitats and species of the province by improving Manitoba's parks system and creating ecological reserves and other protected spaces; and

WHEREAS the Provincial Government is furthermore taking decisive action to protect Lake Winnipeg by preserving wetlands, reducing nutrient runoff, fighting invasive species like zebra mussels and by investing in lake research like the U of M Watershed System Research Program, the Lake Winnipeg Research Vessel and the Experimental Lakes Area, a program the Federal Conservative government chose to cut; and

WHEREAS the Official Opposition has aggressively opposed the Provincial Government's water protection and climate change prevention measures and would gut water protection laws in the province.

THEREFORE BE IT RESOLVED that the Manitoba Legislative Assembly affirm its support for this first in North America protection of entire ecosystems; and

BE IT FURTHER RESOLVED that the Legislative Assembly urge the Provincial Government to continue its aggressive plan to protect Manitoba's valuable natural resources for future generations.

---
