GOVERNMENT RESOLUTION:

Hon. Mr. PALLISTER – Renewed Canada Health Care Partnership

WHEREAS protecting health care is the most important priority of both Canadians and Manitobans; and

WHEREAS the Federal Government must become a full funding partner with provinces and territories to protect health care and ensure Canadians and Manitobans receive the health care they need when they need it; and

WHEREAS health care funding provided by the Federal Government has decreased nationally to its lowest levels since the passage of the Canada Health Act; and

WHEREAS the growing funding imbalance in the federation has come at a time when health care needs and costs are rising faster than provincial and territorial governments can afford and federal health transfers are insufficient to meet those demands; and

WHEREAS the COVID-19 pandemic has demonstrated an immediate need for increased health care investments across Canada now, and into the future; and

WHEREAS the Federal Government has failed to respond positively to repeated provincial and territorial requests to increase Canada Health Transfer funding; and

WHEREAS the Federal Government has both a national obligation and an opportunity to resume its role as a true funding partner to ensure Canadians get the health care they need in a timely manner; and

WHEREAS wait times for needed health services are increasing and Manitoba's population is growing and aging.

THEREFORE BE IT RESOLVED that the Legislative Assembly of Manitoba call upon the Federal Government to become a full health care funding partner and increase the Canada Health Transfer to protect health care for all Canadians.
