Dear Mr. Edmundson:

Enclosed herewith is Licence No. 1468 dated May 10, 1991 issued in accordance with the Manitoba Environment Act to the Rural Municipality of Shoal Lake and Village of Shoal Lake for the construction and operation of an airport located on Lot #1, Plan 26417 NLTO in N $\frac{1}{2}$ 17-17-23 WPM.

In addition to the Environment Act requirements compliance with all other applicable federal, provincial and municipal regulations and by-laws is required. In particular, I would draw to your attention that if fueling facilities are to be provided at the airport they be registered, constructed and operated in accordance with Manitoba Regulation 97/88R Respecting the Storage and Handling of Gasoline and Associated Products. The Dangerous Goods Section of Manitoba Environment should be contacted in this regard.

Finally, you should be aware that the enclosed Licence does not regulate the handling and disposal of pesticides and herbicides used for aerial spraying operations. An alteration to this Licence would be required to accommodate this use in accordance with Section 14(1) of the Manitoba Environment Act. Mr. Ken Plews, Chief of the Pesticide Approval Program of this Department may be contacted at 945-7067 for further information concerning the use of the facility for aerial spraying.

For further information on the administration and application of the Licence you may contact Mr. Bernie Chrisp, Regional Director, Park-West Region, at 638-9111.

Yours truly,

Larry Strachan, P. Eng.
