

# Environment Act Licence

Manitoba  
Environment

Licence No. 1541

Issue Date APRIL 15, 1992

In accordance with the Manitoba Environment Act (C.C.S.M. c. E125)

THIS LICENCE IS ISSUED TO:

## **THE PROVINCE OF MANITOBA REPRESENTED BY THE MINISTER OF HIGHWAYS AND TRANSPORTATION; LICENCEE**

The Licencee shall comply with the following terms and conditions for the construction, operation, and maintenance of the bridge crossing over the Assiniboine River located on the relocation of Provincial Road #254 north of Provincial Trunk Highway #1 in part of Section 34 and 35, Township 9, Range 24 WPM in the Rural Municipality of Sifton:

1. The Licencee shall, during construction, adhere to the Manitoba Department of Natural Resources guidelines titled *Recommended Fish Protection Procedures for Stream Crossings on Manitoba*.
2. The Licencee shall, during the fish spawning period period from April 1, 1992, to May 31, 1992, cease construction activities that will impact upon the stream channel affecting fish mobility and fish habitat.
3. The Licencee shall, prior to April 1, 1992, ensure that any disturbed areas at the construction site are rip-rapped with rock to limit erosion and re-sedimentation in the river. Natural vegetation and /or root mats shall be left in place, wherever possible.
4. The Licencee shall ensure that the access trail to the construction sites on or near the river are constructed from clean aggregate comprised of gravel and rock. Any dirt access road(s) shall, prior to April 1, 1992, be removed or heavily rip-rapped with rock. All trails shall, at the end of construction, be rehabilitated to natural landscape.
5. The Licencee shall ensure that the fuel storage areas are dyked and are located at least 100 metres away from the high water line to prevent fuel contamination.

.../2

6. The Licencee shall ensure that, at the completion of bridge construction, the river bank is stabilized and/or rip-rapped from channel level to high water elevation at bank-full conditions.
7. The Licencee shall, upon completion of bridge construction, cleanup all debris from the construction site and shall deposit all debris at a registered Municipal landfill site.
