Dear Ms. Kozak:

Re: Notice of Alteration – Darlingford (Municipality of Pembina)

Thank you for your letter dated August 19, 2016, notifying of updates to the previously approved Notice of Alteration filed on July 13, 2016 which includes a request to proceed with the construction of a inload/outload pad (6000 US gallons) for the bulk fertilizer plant and the construction of a inload pad (16' by 20') and the addition of extra concrete to the existing containment of the bulk granular fertilizer plant.

The Environmental Approvals Branch is processing this request as a minor alteration to Environment Act Licence No. 1624 RRR, pursuant to clause 14(2) of *The Environment Act*. It has been determined that the potential environmental effects from upgrades are insignificant and can be accommodated by the existing limits, terms and conditions of Environment Act Licence No. 1624 RRR.

I hereby grant approval to Crop Production Services (Canada) Inc. to implement the proposed alteration.

If you have any questions on this matter, please contact Ms. Krystal Penner of this office at (204) 945-7107. For any operational issues please contact the Regional Supervisor Tyler Kneeshaw at (204) 239-3608.

Yours sincerely,
