Re: Environment Act License Name Change – Pilot Mound, MB – License 2342 RR

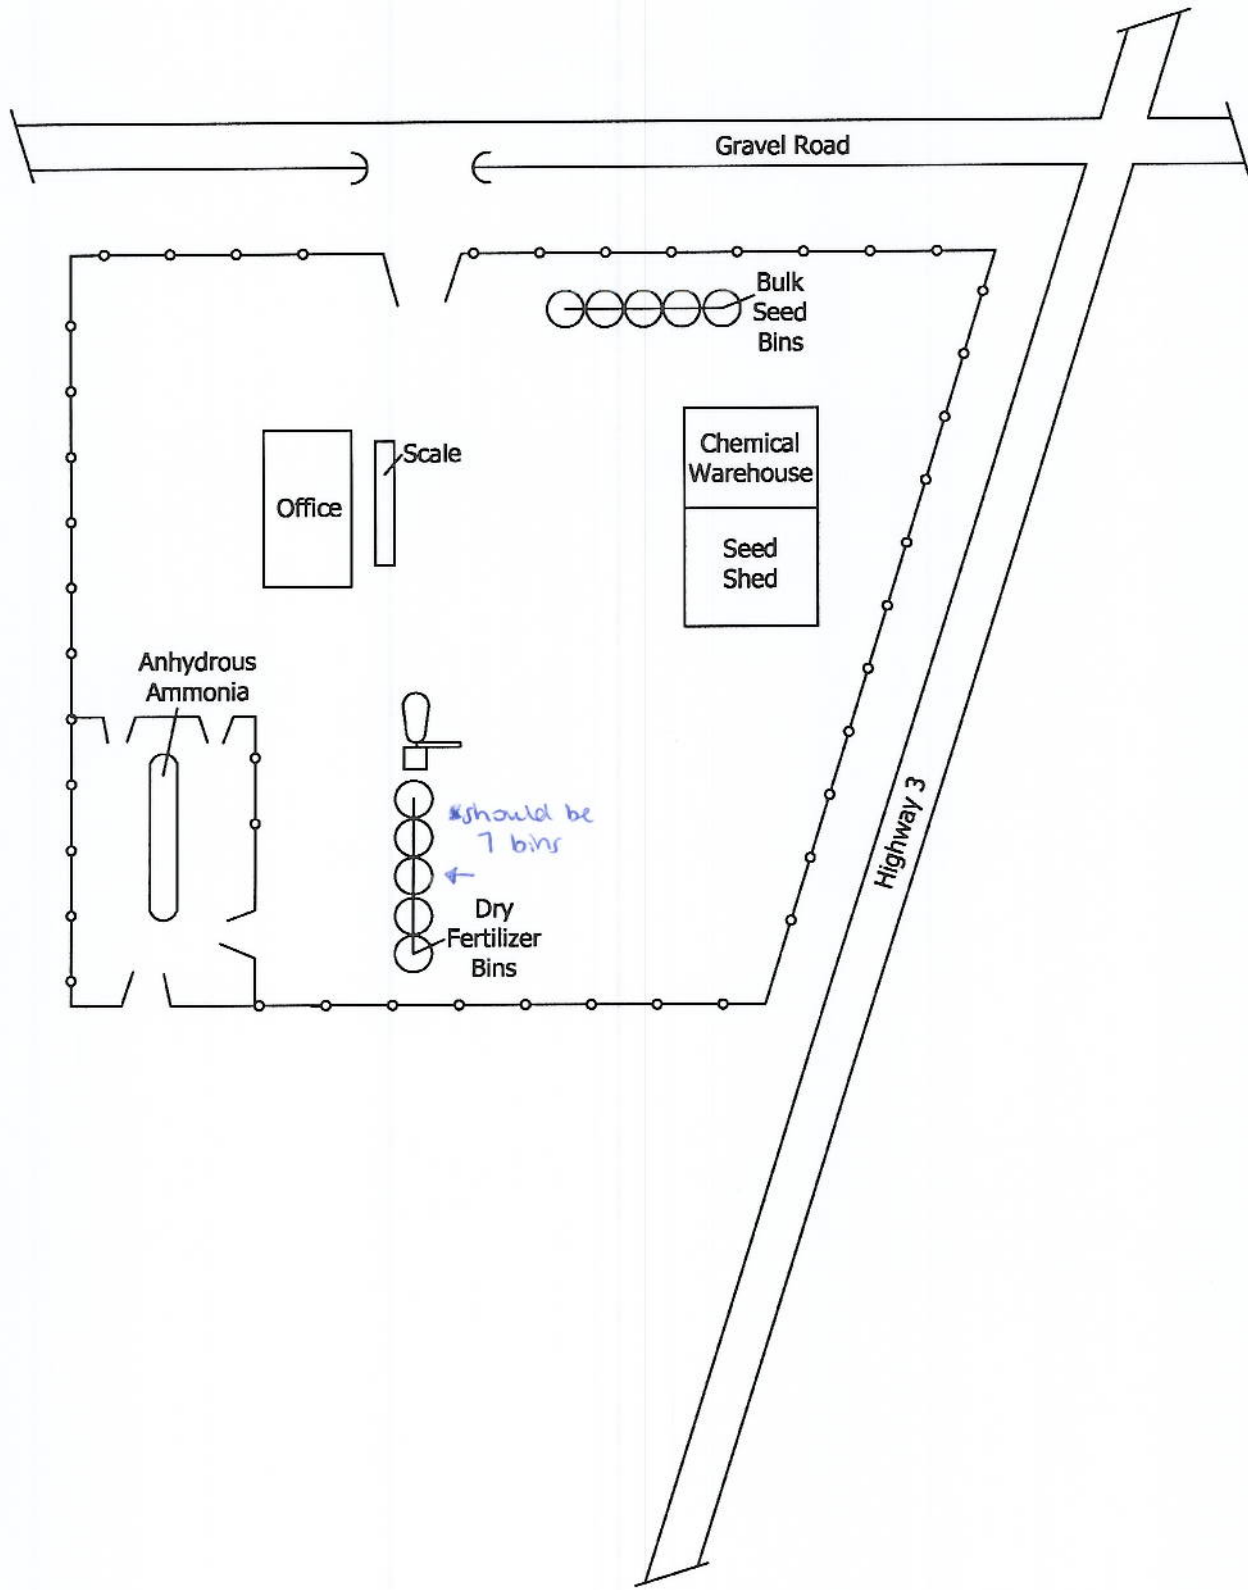

Dear Krystal,

In light of the recent acquisition of the ag retail locations from Viterro Inc., please change the legal name of the Environment Act License 2342 RR for Pilot Mound, MB to Crop Production Services (Canada) Inc.

While License 2342 RR shows that the facility was licensed to operate a crop protection products warehouse, bulk granular fertilizer, anhydrous ammonia storage, and distribution facilities, legacy companies added a mobile seed treatment plant which has been in operation for a number of years. At this time, we would like to notify you that Crop Production Services (Canada) Inc. plans to continue to conduct seed treatment operations from this location. The mobile seed treatment operation is conducted using a seed treater that is attached to a portable auger; all contained within a portable containment berm.

Sincerely,

Randi Cyr
Manager, Operations Compliance
