Dear Roger Dack:

RE: Custom Castings – Notice of Alteration to Licence 3056

Thank you for the Notice of Alteration dated January 20, 2021 in which you submitted a plan to decommission and remove a gas fired furnace and replace with two Morgan MK V size 2 54Kw electric resistance furnaces. You also indicated that the new furnaces do not need stacks and as a result the existing stack will be removed. It is understood that the alterations are submitted as per the plant upgrade schedule for Custom Castings facility.

I have reviewed your request and conclude that the environmental effects of the proposed alteration will be insignificant, and, therefore, in accordance with Section 14(2) of The Environment Act, your alteration is approved as described in the January 20, 2021 Notice of Alteration.

If you have any questions related to the above, please feel free to contact Eshetu Beshada, Environmental Engineer, at 204-250-1932, or by email at Eshetu.Beshada@gov.mb.ca.

Yours sincerely,

Original Signed By
Shannon Kohler, Director
