Dear Don Dowle:

**Re: Municipality of Alexander Wastewater Treatment Lagoon – Licence
Extension Date**

This is in response to your letter of November 4, 2020 requesting an extension in the expiry date of Environment Act Licence No.3178 R to March 8, 2023.

Clause C of the Licence automatically rescinds the Licence if construction of the Development has not commenced within three years of the date of the Licence, which was issued on March 8, 2018.

Your request to extend this date by two additional years to March 8, 2023 is hereby approved. All other Licence conditions remain unchanged. Should a further extension be requested in the future, we would require a re-assessment of projected loading for the facility to ensure that the licensed design remains appropriate for the anticipated use.

If you have any questions on this matter, please contact Larry Markwart, at 204-392-3227 or Larry.Markwart@gov.mb.ca.

Yours truly,
