Each incoming train from the south brings one or more buyers in the fur trade. Yesterday Adolph London, of Mack, May & Co., Minneapolis, he of the ever-present smile, dropped on to the station platform, accompanied by Paul Memmel, of Revillon Freres. With those who are interested in fur buying...

HUN ENVOYS SEE FOCH

Mission Headed by Erzberger At Headquarters

Mission Headed by Erzberger Due At Headquarters Early Last Evening

Washington, Nov. 7.—The offices of Secretary Baker, Secretary Lansing, and the committee on public information were kept open all night tonight, with officials waiting to announce immediately any news that might come of the result of Marshal Foch's meeting with the German armistice envoys.

Keeping Open All Night.

Washington, Nov. 7.—Late tonight George Creel, chairman of the committee on public information, issued the following statement as the result of widely circulated reports that the cable censorship was holding up dispatches which might confirm the false announcement earlier today that an armistice had been signed. "Any such report is absolutely untrue. No despatch bearing upon any phase of the armistice negotiations is being stopped or even halted in the New York office. The channel is wide open."

Envoys Reach French Lines.

Washington, D.C., Nov. 7.—Just before midnight the American government was informed by cable from Paris that the German armistice envoys had approached the French lines and were due to arrive for their meeting with Marshal Foch between 8 and 10 o'clock tonight, Paris time.

The statement was authorized at the state department that no information had been received of the signing of the armistice terms, or even of the actual arrival of the Germans within the French lines.

No Word at 3 o'clock.

Washington, Nov. 8.—At 3 o'clock this (Friday) morning, officials of the state and war departments, who were keeping an all-night vigil, still were without information indicating that German envoys had signed the armistice terms. In fact, at that hour no news, official or unofficial, had come that the envoys had passed through the French lines where they were due between eight and ten o'clock last night, Paris time.

Paris

Paris, Nov. 8.—The German envoys reached Marshal Foch's headquarters at 2 o'clock this morning. Eiszberger heads the mission.

At 10 o'clock they met Marshal Foch and asked for an immediate armistice. This was refused.

Marshal Foch gave them 72 hours to accept the terms of unconditional surrender, or attacks will be renewed.

Winnipeg, Nov. 8.—Up to midnight there has been no confirmation from Paris or London of the German surrender. It is believed in Washington that it is true but that news is being held back for announcement of all details in the Allied capitals simultaneously.

Washington, Nov. 8.—An official spokesman today emphasized that Marshal Foch is emphasizing armistice terms to the Germans and receive their acceptance.
